Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Ordering a natural substance
(progesterone) has worked well for me. It has
definitely made a difference in regard to
my overall health and well being. My
compounded medications have alleviated many
symptoms of peri-menopause. Please allow
me to continue to make this choice
